

Project Name

Flexi-Kick

The Ultimate Soccer Prediction App that Rewards Your Knowledge

Key Features & Offerings

- ❖ Soccer Game Predictions: Users can predict outcomes for soccer games across all leagues and championships worldwide.
- ❖ Points System: Earn points for correctly predicting game results. The more accurate predictions, the more points a user can accumulate.
- ❖ Multiple Participation Categories: Flexible options for users to participate in various categories based on their preferences, such as individual game predictions or overall league predictions.
- ❖ Point Exchange System: Accumulated points can be exchanged for a range of exciting gifts and rewards.
- ❖ Worldwide Coverage: Access to predictions and participation in all major soccer leagues and championships globally, including the English Premier League, La Liga, Serie A, and more.
- ❖ Great UI & User-Friendly UX: Designed with an intuitive interface that ensures users can easily navigate through features, make predictions, track points, and redeem rewards with minimal effort.

Use Cases & Applications

- ❖ Football Enthusiasts: Users who enjoy predicting game results can engage with their favourite sport while earning rewards for their knowledge and accuracy.
- ❖ Engagement for Fans: Fans of all major soccer leagues can stay engaged and involved in the games they follow by participating in predictions.
- ❖ Gamified Experience: Provides a fun, interactive experience for users to test their soccer knowledge and compete with friends or other users.
- ❖ Reward Motivation: Users can accumulate points and redeem them for physical or digital rewards, incentivizing continued participation.

How It Works

- ❖ Sign Up & Account Creation: Users create an account within the Flexi-Kick app to get started.
- ❖ Select Prediction Categories: Choose from various categories such as individual matches or seasonal league predictions.
- ❖ Make Predictions: For each game, users predict outcomes (e.g., win/loss/draw, scorelines, etc.).
- ❖ Earn Points: Correct predictions reward users with points, which can accumulate over time.
- ❖ Exchange Points: Points can be exchanged for gifts such as merchandise, event tickets, or digital rewards.
- ❖ Compete & Track Progress: Users can compare their performance against others.

Call to Action
